

THE IMPACT OF SEQUESTRATION ON MEDICAL RESEARCH

Valerie Weaver, PhD

BIOCHEMIST RESEARCHING CANCEROUS TUMORS
UNIVERSITY OF CALIFORNIA, SAN FRANCISCO

“Five more years of this and you’ve destroyed
the best science community in the world.”

CUTS TO NIH FUNDING HAVE HAD CONSEQUENCES ON DR. WEAVER’S WORK:

- Contracts for 3 personnel were not renewed
- 3 new hires have been delayed
- 2 postdoctoral students have obtained jobs overseas, 1 is leaving the states upon graduation and 1 is actively searching for employment
